

Genre Study Assignment

Step One – Google Image Search:

Enter your assigned genre, followed by the words, “movie poster,” into Google Image Search. As a group select at least five different movie posters from that genre (more is better). Using the selected posters, identify at least ten significant visual elements that are used to characterize that genre. Discuss the significance of these visual elements in how they help to shape the genre.

Step Two – Presentation:

Create a brief, PowerPoint Presentation (approximately 10 slides) in which you teach the genre elements to the class. Include:

- An overview / explanation of the genre
- At least five movie posters
- At least ten characteristics
- Explanations of the significance of the characteristics,
